

## School Improvement Priorities 2022 - 2023

Ensure that the full design process is being followed (design, make & evaluate).

Establish further opportunities for CAD within D.T.

Develop topic specific vocabulary.

Develop use of local companies linked with topics.

Continue to adapt and develop progression of skills document.

Complete learning walks, book scrutinies and pupil voice discussions to monitor the progress and impact of D.T across the school.

Continue to develop 'I know' and 'I can' statements to highlight key knowledge and skills within each topic.
